## Current level

QUADRO

Spontaneous application, I have over 20 years of work experience, especially in enterprise mobile apps. Today it's time to continue my career towards brands that I like and that are for me a point of reference.

I am passionate about fintech, stocks trading, blockchain...

Your brand attracts me to submit my resume.

The experience that I can offer you is the technical / managerial to the accomplishment of IT projects related to the B2B and B2B2C world.

Attached you will find the CV that briefly describes my last industries I worked on: all projects for big companies.

Best regards,  
Stefano
